AGRI-FOOD TECH EXPO 2023

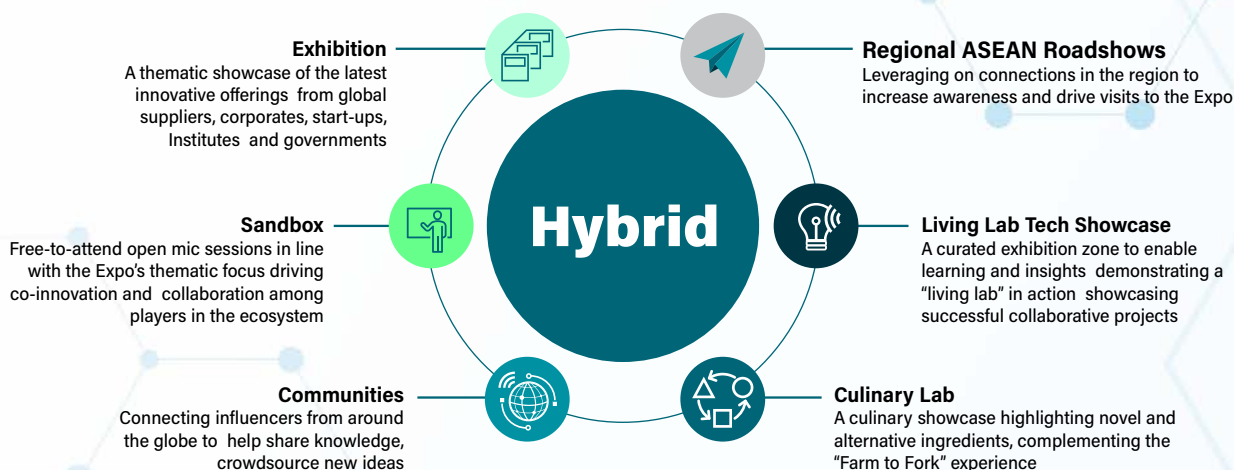

The Agri-Food Tech Expo Asia (AFTEA) is the region's leading showcase platform for products, services and solutions on the forefront of innovation in the global Agri-Food and Agri-Tech Industry.

In its second year, the Expo places a key focus on enabling your business to network, collaborate, exchange knowledge and establish long term partnerships to empower/ further the needs of the international agri-food tech industry.

Constellar's proven track record in creating award-winning experiences such as Singapore FinTech Festival and Industrial Transformation ASIA-PACIFIC, coupled with the strategic partnership with DLG (The German Agricultural Society) sets the stage for success!

A MULTI-FACETED EXHIBITION EXPERIENCE

UNIQUE VALUE PROPOSITIONS

IMMERSIVE & ENGAGING EVENT PLATFORM	CONNECTING PEOPLE & OPPORTUNITIES	LEARNING JOURNEY	COMMUNITY ACCESS	POWERED BY INDUSTRY STAKEHOLDERS	STRATEGIC PARTNERSHIP - DLG
Asia's premiere B2B trade event on Agri-Food Technology. A curated platform to inspire learning, deepen understanding, networking, collaborating, business transactions and adoption of transformative solutions and processes. The only platform to capitalise Singapore as the springboard to access the region's high potential market in Agri Food and Food Tech sectors.	Meet genuine & high-value buyers from ASEAN countries through AFTEA hosted buyers program. >500 facilitated business matched meetings Identify, target and secure business meetings with new commercial partners to grow distribution channels	The 'Learning Journey' experience: Sandbox, Living Lab Tech Show Case, Culinary Showcase and a Founders Hub: all to provide a 360 degrees inspirational learning on the Future of Food and how it applies to businesses and society.	Gateway to the entire community of Agri-Food Tech industry, from local and global agribusinesses, growers, manufacturers, solutions and technologies providers, start-ups, investors, and to wholesalers, retailers.	Key Expo Element of the Singapore International Agri-Food Week (SIAW) organised by Temasek , alongside key government bodies and industry stakeholders.	DLG - German Agricultural Society is the largest global player in Agriculture and Agri-Food space. Constellar's and DLG's combined expertise brings together opportunities of growth in the emerging markets of the Asia-Pacific region.

A Participating Event Of

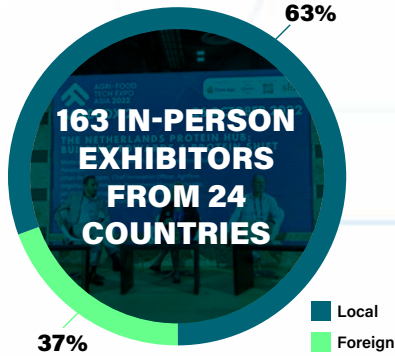

Agri-Food Tech Expo Asia is a participating event of the annual Singapore International Agri-Food Week (SIAW) organised by Temasek, Singapore Food Agency, Economic Development Board, Enterprise Singapore, Singapore Tourism Board, Rethink Events and Constellar.

SIAW aims to gather world's leading players and stakeholders from the global agri-food industry to share best practices, showcase the latest technologies, to tap business opportunities, and to collaborate towards greater security and sustainability in Asia's Agri-Food system.

SEVEN EXHIBITION CATEGORIES

Urban/ Smart Farming

- Equipment for Vertical farming and Rooftop Farming
- Equipment for closed environment agriculture
- Autonomous systems
- Lighting, Ventilation & Climate control
- Special Crops and Varieties
- Growing media, Fertilizers, Plant protection
- Aeroponics, Hydroponics
- Facility system providers
- Digital control systems
- Real estate partners

Food Processing & Packaging

- Integrated food harvesting technologies (e.g. 3D, robotics)
- Sorting, weighing, washing/ cleaning technologies
- Pilling, cutting, slicing technologies
- Packaging technologies and materials
- Vacuum technologies
- Labelling technologies
- Robotics, Grippers and Automation technologies
- Digitized processes (Industry 4.0)
- Food preparation technologies (baking, grilling, boiling, blending, pressing, extruding, freezing)

Novel Food Technologies

- Plant-based food processing
- Insect based food processing
- Cultivated meat technologies and Genome editing
- Clean label management
- Reformulation
- Ingredients & inputs
- Personalized foods technologies
- Drying, pressing, extruding, isolating

Aquaculture

- Novel technologies for aquaculture
- Insect farming technologies
- Species
- Nutrition & feed
- Animal health & welfare
- Land-based aquaculture system
- Closed environment animal farming (insects, etc.)
- Controlled environment systems

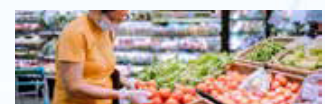

Sustainability & Resource Management

- Lighting Technologies
- Energy and Resource Saving Management
- Fresh and Waste Water Management
- Water quality control and measuring instruments
- Environmental preservation equipment
- Alternative packaging materials and strategies

Novel Food, Alternative Proteins & Sustainable /Tech Food

- Novel Food and Ingredients
- Alternative Proteins
- Cell Cultured Proteins
- Plant-based Proteins
- Insect Proteins
- Algae and Fungi Based Meats
- Fermentation-Produced Proteins
- Dairy Alternatives
- Sustainable Farm Fresh Produce
- Sustainable Aquaculture Produce

Food Safety & Security

- Food tracking and traceability technologies
- Data management, blockchain systems, cyber security
- Hygienic Design
- Food fraud prevention / food security
- Standards and certification
- Food control, inspection and detection technologies

VISITOR PROFILE

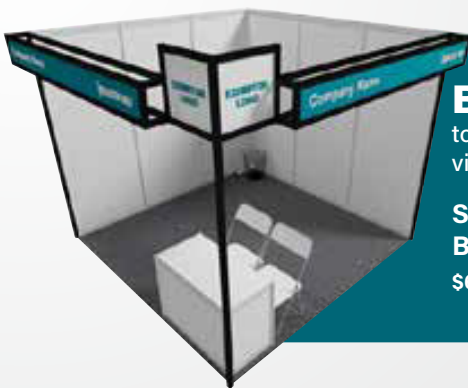

- Technology & Solution Consultants and Providers
- Agri-food Companies
- Manufacturers and Suppliers
- Software developers and distributors
- Food Service Providers
- MNC and R&D Centres
- Urban farming and Aquaculture
- Research Institutions
- Innovative Start-ups and SMEs
- Accelerators
- Government Agencies
- Trade Associations and Media
- Venture Capitalists, Investors and Incubators
- Govt and Policy Regulators
- Food and Agritech Companies
- Agri-food Businesses
- F&B Brand Owners and Manufacturers
- Wholesalers and Distributors Importers and Exporters
- Food Establishments
- Institutes of Higher Learning
- Consultancy Think Tanks
- Researchers and Innovation Scientists
- Community & Interest Groups
- Media
